

Windstar Cruises Sailing Yachts

September 13 – 20, 2009

Onboard the Wind Surf

Windstar Cruises sleek masted sailing ships, with computer-directed sails, offer an intriguing balance of sophisticated pampering, exceptional service, and luxurious amenities -- all amidst an oh-so-casual atmosphere. Passenger to crew ratios are a high 1.5 to 1, and a superb level of personalized service is the result. No formal nights, 5 dining venues-all exceptional, spa and fitness center, library, casino, bars and lounges feature casual entertainment and easy listening live music, hot tub and water sport toys are complimentary on the sports platform. Wind Surf features exceptional service for 312 guests on the ship with 7 sails and 26,881 sq feet of surface area! Stabilizers and a hydraulic ballast system limit any movement while under sail.

This is a truly relaxing cruise and meant for those who are seeking a sophisticated lifestyle and do not need to be entertained 24-hours a day, although there is casual entertainment and daily activities are always planned.

Plan to take the cruise and add on a Venice and Florence package, too. (You can do either, or, both packages.)
